BETTER FOR YOU...  
BETTER SANDWICHES

100% Whole Grain Breads

Great Harvest whole grain breads not only taste better, but are better for you. Order a sandwich from us, or purchase a loaf and make amazing sandwiches at home! At Great Harvest, we grind Spring Wheat kernels fresh every day to make our whole wheat flour. And we do mean whole wheat because we keep all three parts of the kernel: the endosperm, the bran, and the wheat germ. All flour starts to lose its nutritional content soon after grinding, so we use our flour within 48 hours. We then bake it to seal in freshness. This is why Great Harvest bread has superior nutritional value. There are only five simple ingredients in our whole grain, whole-wheat bread. In fact, we'd say bread is best when you keep it simple.

## IT'S OUR ANNIVERSARY

*Thank you for your business!*

It is hard to believe we have been baking bread for our community for twenty four years. We remember the very beginning...learning about Great Harvest Bread Co., looking for the best location available, learning to mill whole grain flour, etc. We fell in love with the idea of baking fresh, whole grain bread from scratch. We work very hard and love the work we do. Our community has supported us throughout our twenty four years and we are very appreciative! We are grateful for the wonderful Bread Heads who began their time at Great Harvest as employees and left us as friends. Thank you. The same can be said for our customers who have also become friends.

### Whole grains are good for you.

At Great Harvest, we grind Spring Wheat kernels fresh every day to make our whole wheat flour. And we do mean whole wheat because we keep all three parts of the kernel: the endosperm, the bran, and the wheat germ. All flour starts to lose its nutritional content soon after grinding, so we use our flour within 48 hours. We then bake it to seal in freshness. This is why Great Harvest bread has superior nutritional value.

### Five simple things.

There are only five simple ingredients in our whole grain, whole-wheat bread. Five pure ingredients are all it takes: whole-wheat flour, filtered water, fresh yeast, salt, and honey. In fact, we'd say bread is best when you keep it simple. That's bread, the way it ought to be.

### Whole grain headquarters.

**FOR OVER 30 YEARS**, Great Harvest has specialized in baking phenomenal whole grain breads, cookies, cinnamon twists, and muffins. We make these with stone ground whole-wheat flour milled in our bakery every day.
